

ORDINANCE NO. 3655 C.S.

AN ORDINANCE OF THE COUNCIL OF THE CITY OF MONTEREY

**REZONING THE PROPERTY AT 136 HERRMANN DRIVE AS A CITY HISTORIC RESOURCE
FROM R-1-10 TO R-1-10-H-2**

THE COUNCIL OF THE CITY OF MONTEREY DOES ORDAIN, as follows:

SECTION 1:

WHEREAS, Lorene M. Kimzey Tr., owner of the residence at 136 Herrmann Drive, requested H-2 (City Historic Resource) overlay zoning;

WHEREAS, adoption of H-2 zoning requires the Historic Preservation Commission (HPC) to recommend to the Planning Commission (PC) to recommend to the City Council to adopt an ordinance rezoning the property;

WHEREAS, as required by Monterey City Code, an intensive historic survey (DPR 523B form) prepared on February 11, 2022, by Qualified Architectural Historian Kent Seavey was submitted as part of the application;

WHEREAS, the subject property qualifies as local historic resource and is significant under Criterion 1 because it is associated with events that have made a significant contribution to the broad patterns of local history. It is associated with the development of the Monte Regio Subdivision (Tract #1), the most extensive residential housing development in Monterey between 1926 and 1950. 136 Herrmann Drive, constructed in 1930-1931, is a very good and essentially intact example of the earliest housing development in the Monte Regio Subdivision Tract #1. The property is also significant under Criterion 3 in the area of architecture as an intact representative example of the high quality of housing design included in the subdivision, and retains all aspects of historic integrity;

WHEREAS, the HPC, at a properly noticed public hearing on July 14, 2022, carefully considered all of the information presented to it, including the agenda report and information submitted at the public hearing by interested persons, and adopted a resolution recommending that the PC recommend that the City Council adopt an ordinance rezoning the property;

WHEREAS, the PC, at a properly noticed public hearing on July 26, 2022, carefully considered all of the information presented to it, including the agenda report and information submitted at the public hearing by interested persons, and adopted a resolution recommending that the City Council adopt an ordinance rezoning the property;

WHEREAS, the City Council, at a properly noticed public hearing on August 16, 2022, carefully considered all of the information presented to it, including the agenda report and information submitted at the public hearing by interested persons; and,

WHEREAS, the City of Monterey Planning Office determined the project is exempt from the California Environmental Quality Act (CEQA) Guidelines (Article 19, Section 15305, Class 5) because the addition of H-2 overlay zoning to the property will not result in significant changes to land use limitations and will maintain a designated historic building consistent with the Secretary of the Interior's Standards for the Treatment of Historic Properties. Mills Act contracts require that all work performed subsequent to entering into a contract is consistent with those standards. Furthermore, the project does not qualify for any of the exceptions to the categorical exemptions found at CEQA Guidelines Section 15300.2.

Exception a - Location. Classes 3, 4, 5, 6, and 11 are qualified by consideration of where the project is to be located - a project that is ordinarily insignificant in its impact on the environment may in a particularly sensitive environment be significant. Therefore, these classes are considered to apply in all instances, except where the project may impact an environmental resource of hazardous or critical concern where designated, precisely mapped, and officially adopted pursuant to law by federal, state, or local agencies. The addition of H-2 overlay zoning would not impact a resource of critical concern. The project proposes maintenance of a historic building consistent with the Secretary of the Interior's Standards. The project would have a positive impact in that a historic resource would be maintained. The environment is not particularly sensitive (existing building and paved areas).

Exception b - Cumulative Impact. All exemptions for these classes are inapplicable when the cumulative impact of successive projects of the same type in the same place, over time is significant. The addition of H-2 overlay zoning would add an additional layer of protection to the resource. The project proposes maintenance of a building consistent with the Secretary of the Interior's Standards. No cumulative impacts would occur.

Exception c - Significant Effect. A categorical exemption shall not be used for an activity where there is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances. No unusual circumstances exist at the site. The building is an existing structure and the surrounding environment is an established residential area. The addition of H-2 overlay zoning would add an additional layer of protection to the resource. The project proposes to maintain the structure consistent with the Secretary of the Interior's Standards for Rehabilitation. Therefore, a significant effect would not occur.

Exception d - Scenic Highways. A categorical exemption shall not be used for a project which may result in damage to scenic resources, including but not limited to, trees, historic buildings, rock outcroppings, or similar resources, within a highway officially designated as a state scenic highway. This does not apply to improvements which are required as mitigation by an adopted negative declaration or certified Environmental Impact Report (EIR). The project proposes maintenance of a building consistent with the Secretary of the Interior's Standards. The property is not located on or viewable from a state scenic highway. Therefore, impacts to scenic highways would not occur.

Exception e - Hazardous Waste Sites. A categorical exemption shall not be used for a project located on a site which is included on any list compiled pursuant to Section 65962.5 of the Government Code. The project site is not listed pursuant to Government Code Section 65962.5. The project would have no impact to hazardous waste sites.

Exception f - Historical Resources. A categorical exemption shall not be used for a project which may cause a substantial adverse change in the significance of a historical resource. The

building is eligible as a local historic resource and the addition of H-2 overlay zoning would add an additional layer of protection to the resource. The building maintenance would be consistent with the Secretary of the Interior's Standards for Rehabilitation. The project would not cause an adverse change to the historic resource.

NOW THEREFORE, the Monterey City Council declares as follows:

SECTION 2: The above recitals are true and correct and are hereby incorporated and adopted as findings of the City Council as if fully set forth herein.

SECTION 3: The property at 136 Herrmann Drive is hereby rezoned from R-1-10 to R-1-10-H-2, as shown in Exhibit A.

SECTION 4: All ordinances and parts of ordinances in conflict herewith are hereby repealed.

SECTION 5: This ordinance shall be in full force and effect thirty (30) days from and after its final passage and adoption.

PASSED AND ADOPTED BY THE COUNCIL OF THE CITY OF MONTEREY this 6th day of September 2022, by the following vote:

AYES:	5	COUNCILMEMBERS:	Albert, Haffa, Smith, Williamson, Roberson
NOES:	0	COUNCILMEMBERS:	None
ABSENT:	0	COUNCILMEMBERS:	None
ABSTAIN:	0	COUNCILMEMBERS:	None
